

*Thank you,
Gabby!*

The Gabriella Ashley Gambino Fund

has been established in memory of six-year-old Gabby Gambino who died of sudden and undetected heart failure while swimming in a friend's pool. The fund is administered by Southampton Youth Services (SYS) and provides awards and incentives for exemplary elementary school students at Southampton, Tuckahoe and OLH schools.

This holiday season **The Gabriella Ashley Gambino Fund** has generously reached out to help local children in need by donating 200 turkeys and 1,500 pounds of potatoes to the annual HRH Holiday Food and Gift Basket Project.

"Gabby was a generous and loving child, and we are honored to accept this donation in her memory," said Mary Ann Tupper, HRH Executive Director. "We will be sure that it helps make the holidays brighter for children who are not as fortunate as she was to have such a strong and supportive family."
